Safety Data Sheet according to the federal final rule of hazard communication revised on 2012 (HazCom 2012) Date of issue: 05/01/2017 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Mixture
Trade name	: Metalon [™] HPS-FG36A High Performance Silver Ink
Technical name	: Silver Screen Ink
1.2. Relevant identified uses of the substa	ance or mixture and uses advised against
	: Commercial Ink
1.3. Details of the supplier of the safety da	ata sheet
NCC Nano LLC dba Novacentrix 400 Parker Drive, Suite 1110 Austin, TX 78728 T (512) 491-9500	
msds@novacentrix.com	
1.4. Emergency telephone number	
	: ChemTel Inc. 1 (800) 255-3924 ; Intl. +01 (813) 248-0585 (24 hr)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or mix	xture
GHS-US classification	
Serious eye damage/eye irritation, Category 2A	H319
Hazardous to the aquatic environment - Acute Haz	
Full text of H statements : see section 16	
Full lext of H statements . see section To	
2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07 GHS09
Signal word (GHS-US)	: Warning
Hazard statements (GHS-US)	: H319 - Causes serious eye irritation H400 - Very toxic to aquatic life
Precautionary statements (GHS-US)	 P260 - Do not breathe dust, mist, spray, vapors, gas, fume P264 - Wash hands thoroughly after handling P273 - Avoid release to the environment P280 - Wear protective gloves, protective clothing, eye protection P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing P314 - Get medical advice/attention if you feel unwell P337+P313 - If eye irritation persists: get medical advice/attention P391 - Collect spillage P501 - Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation
2.3. Other hazards	
No additional information available	
2.4. Unknown acute toxicity (GHS US)	
Not applicable	
SECTION 3: Composition/information	on ingredients
3.1. Substance	
Not applicable	

Not applicable

Safety Data Sheet according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

Name		Product identifier	%	GHS-US classification
Silver		(CAS No) 7440-22-4	65 - 90	Not classified
Diethylene glycol monobutyl ether		(CAS No) 112-34-5	15 - 35	Eye Irrit. 2, H319
SECTION 4: First aid measures				
4.1. Description of first aid measures				
First-aid measures general		ver give anything by mouth to an u	inconscious person. If	vou feel unwell, seek medical
		a , a ,	•	cerned: Get medical advice/attention
First-aid measures after inhalation		nove victim to fresh air and keep optoms persist, seek medical advi	•	mfortable for breathing. If exposure
First-aid measures after skin contact	with			nse and then wash skin thoroughly euse. If skin irritation or rash occurs:
First-aid measures after eye contact	pre	nediately flush eyes thoroughly wi sent and easy to do. Continue rins ntion.		5 minutes. Remove contact lenses, if prsists: Get medical advice and
First-aid measures after ingestion	: If sv			onscious). Do not induce vomiting. eek immediate medical advice.
4.2. Most important symptoms and ef	fects, bot	h acute and delayed		
Symptoms/injuries after inhalation	: Inha	alation of airborne droplets or aero	osols may cause irrita	ion of the respiratory tract.
Symptoms/injuries after skin contact	(gra		ere the metal has cont	arkening of skin and cornea of eye act; prolonged and heavy exposure Id or chronic bronchitis.
Symptoms/injuries after eye contact	: Cau	uses serious eye irritation.		
Symptoms/injuries after ingestion	: Ma	cause irritation to the digestive t	ract.	
Chronic symptoms	: May	cause damage to organs throug	h prolonged or repeat	ed exposure.

Safety Data Sheet

according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

6.1.2. For emergency responders	
Protective equipment	Do not attempt to take action without suitable protective equipment. Avoid breathing dust, mist or spray. Wear suitable protective clothing, gloves and eye/face protection. For further information refer to section 8: Exposure-controls/personal protection.
Emergency procedures	: Evacuate unnecessary personnel. Ventilate area.
6.2. Environmental precautions	
	s to prevent migration and entry into sewers or streams. Collect in closed containers for disposal. Avoid ies if product enters sewers or public waters.
6.3. Methods and material for cont	tainment and cleaning up
For containment	 Stop leak, if possible without risk. Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). Collect spillage. Put into a labeled container and provide safe disposal.
Methods for cleaning up	: Take up liquid spill into absorbent material. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect all waste in suitable and labeled containers and dispose according to local legislation. Wear suitable protective clothing. Notify authorities if product enters sewers or public waters.
Other information	: Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

For further information refer to section 8: Exposure-controls/personal protection. For disposal of residues refer to section 13: Disposal considerations.

SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	: Obtain special instructions before use. Ensure good ventilation of the work station. Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. Avoid contact with skin and eyes. Avoid breathing mist or vapor.
Hygiene measures	: Separate working clothes from town clothes. Launder separately. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, including	g any incompatibilities
Storage conditions Incompatible materials	 Store in well-ventilated area. Keep cool. Long-term storage in closed containers. Strong oxidizing agents. Light metals.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Silver (7440-22-4)			
ACGIH	ACGIH TWA (mg/m³)	0.1 mg/m ³ (dust and fume)	
OSHA	OSHA PEL (TWA) (mg/m ³)	0.01 mg/m ³	
IDLH	US IDLH (mg/m³)	10 mg/m³ (dust)	
NIOSH	NIOSH REL (TWA) (mg/m ³)	0.01 mg/m ³ (dust)	
Diethylene glycol monobutyl ether (112-34-5)			
ACGIH	ACGIH TWA (ppm)	10 ppm (inhalable fraction and vapor)	

8.2. Exposure controls

Personal protective equipment

Appropriate engineering controls

- : Provide local exhaust or general room ventilation. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure good ventilation of the work station.
- Avoid all unnecessary exposure. Gloves. Protective goggles. Protective clothing. Personal protective equipment should be selected based upon the conditions under which this product is handled or used.

Safety Data Sheet

SECTION 0: Physical and chamical pro

according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

Hand protection	: Wear impermeable protective gloves. It is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.
Eye protection	: Chemical goggles or safety glasses.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: Wear appropriate mask. Avoid breathing dust/fume/gas/mist/vapors/spray. Wear respiratory protection.
Environmental exposure controls	: Avoid release to the environment.
Other information	: Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties			
9.1. Information on basic physical and	chemical properties		
Physical state	: Viscous liquid		
Color	: Gray		
Odor	: Alcohol odor		
Odor threshold	: No data available		
рН	: No data available		
Melting point	: No data available		
Freezing point	: <0°C		
Boiling point	: >100°C		
Flash point	: No data available		
Relative evaporation rate (butyl acetate=1)	: <=1		
Flammability (solid, gas)	: Non-flammable.		
Explosive limits	: No data available		
Explosive properties	: No data available		
Oxidizing properties	: No data available		
Vapor pressure	: No data available		
Relative density	: 2.5 - 3.5 (at 25°C)		
Relative vapor density at 20°C	: >1		
Solubility	: Water: Not dispersible		
Log Pow	: No data available		
Auto-ignition temperature	: No data available		
Decomposition temperature	: No data available		
Viscosity	: No data available		
Viscosity, kinematic	: No data available		
Viscosity, dynamic	: No data available		

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use. Hazardous polymerization does not occur.

10.4. Conditions to avoid

High temperature. Open flame. Sparks. Incompatible materials.

10.5. Incompatible materials

Strong oxidizing agents. Light metals.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. During a fire, carbon monoxide and dioxide and various hydrocarbon compounds, may be produced.

Safety Data Sheet according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

SECTION 11: Toxicological information	on
11.1. Information on toxicological effects	
Likely routes of exposure	: Ingestion; Oral; Skin and Eye contact
Acute toxicity	: Not classified
	(Based on available data, the classification criteria are not met)
Silver (7440-22-4)	
LD50 oral rat	> 2000 mg/kg
Diethylene glycol monobutyl ether (112-34-5)	
LD50 oral rat	7291 mg/kg
LD50 dermal rabbit	2764 mg/kg
Skin corrosion/irritation	: Not classified
	(Based on available data, the classification criteria are not met)
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitisation	: Not classified
	(Based on available data, the classification criteria are not met)
Germ cell mutagenicity	: Not classified
	(Based on available data, the classification criteria are not met)
Carcinogenicity	: Not classified
	(Based on available data, the classification criteria are not met)
Reproductive toxicity	: Not classified
	(Based on available data, the classification criteria are not met)
Specific target organ toxicity (single exposure)	: Not classified
	(Based on available data, the classification criteria are not met)
Specific target organ toxicity (repeated	: Not classified
exposure)	(Based on available data, the classification criteria are not met)
Aspiration hazard	: Not classified
	(Based on available data, the classification criteria are not met)
Symptoms/injuries after inhalation	: Inhalation of airborne droplets or aerosols may cause irritation of the respiratory tract.
Symptoms/injuries after skin contact	: May cause slight irritation to the skin.
Symptoms/injuries after eye contact	: Causes serious eye irritation.
Symptoms/injuries after ingestion	: May cause irritation to the digestive tract.
CECTION 42. Ecological information	

1. Toxicity	
ology - general	: Very toxic to aquatic life.
Silver (7440-22-4)	
LC50 fish 1	0.00155 - 0.00293 mg/l (Exposure time: 96 h - Species: Pimephales promelas [static])
EC50 Daphnia 1	0.00024 mg/l (Exposure time: 48 h - Species: Daphnia magna [Static])
LC50 fish 2	0.0062 mg/l (Exposure time: 96 h - Species: Oncorhynchus mykiss [flow-through])
Diethylene glycol monobutyl et	ther (112-34-5)
LC50 fish 1	1300 mg/l (Exposure time: 96 h - Species: Lepomis macrochirus [static])
EC50 Daphnia 1	> 100 mg/l (Exposure time: 48 h - Species: Daphnia magna)

Metalon™ HPS-FG36A High Performance Silver Ink	
Persistence and degradability	Not established.

12.3. Bioaccumulative potential		
Metalon [™] HPS-FG36A High Performance Silver Ink		
Bioaccumulative potential	Not established.	
Diethylene glycol monobutyl ether (112-34-5)		
BCF fish 1	(no bioconcentration expected)	
05/01/2017	EN (English)	5/7

Safety Data Sheet

according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

12.4. Mobility in soil	
No additional information available	
12.5. Other adverse effects	
Effect on the global warming	: No additional information available
Other information	: Avoid release to the environment.
SECTION 13: Disposal considera	tions
13.1. Waste treatment methods	
Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Waste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
Ecology - waste materials	: Avoid release to the environment.
SECTION 14: Transport informat	ion
Department of Transportation (DOT)	
In accordance with DOT	
Not regulated for transport	
TDG	
Not regulated for transport	
5	
Transport by sea	: 3082
UN-No. (IMDG) Proper Shipping Name (IMDG)	: 5062 : ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.
